B.3 CEILING PRICE OF THE CONTRACT

The estimated ceiling price of this contract is \$25 million.

B.4 THE RATE SCHEDULE

The Contractor shall provide a schedule to include ceiling rates for fee and burdened labor

for all the individuals and/or equivalent labor categories intended to be used for each year of the contract. The following Schedule is the basis for maximum reimbursement of fee and burdened labor rates under this contract. The Contractor may elect to propose rates lower than the ceiling rates for individual task orders. A sample schedule is attached (Attachment B-1) showing labor categories representative of the types of labor required for performance of work under this contract. The burdened rates should be identical to the rates outlined in Section L, Attachment L-1, for each year. The burdened rates shall include base rates and all applicable indirect rates; fee shall be excluded.
